Introducing Bond Roberts 25 index.

Your key to smarter cigar trading.

Bond Roberts is a globally unique platform. The first of its kind. Backed by the vast industry experience of its collaborators – James J Fox and Friends Of Habanos – Bond Roberts has quickly become the trusted benchmark for auctioning aged, rare, and vintage Cuban cigars.

Bond Roberts would like to introduce the Bond Roberts 25 Index – the first metric of its kind for aged, rare and vintage cigars. The Bond Roberts 25 Index measures the auction performance of 25 regular production cigars over a 5-year period.

Performance data is taken solely from the Bond Roberts database of over 3500 sales (September 2021). Base prices are determined by taking Cuban retail pricing for the 25 regular production cigars selected.

Each Bond Roberts 25 Index release will contain a snapshot of the Top 10 with accompanying analysis as well as the full Bond Roberts 25 Index. Future releases will contain features on Limited Editions, Regional Releases & other specialties.

Analysis

The big mover in the BR25 last quarter was the Hoyo de Monterrey Double Corona which rose eight places to come in at number 5. Perhaps even more impressive than that run has been the sheer resilience of the La Gloria Cubana Medaille D'Or Number 4 which retains the number one position while the El Rey Del Mundo Choix Supreme, Por Larranaga Montecarlo and H. Upmann Sir Winston are seemingly firmly entrenched in the upper echelons of the top 10. With Partagas Lusitania rising four places to finish just outside of the top 10 in 11th place, it has been a very good quarter for Double Coronas that just may reflect the dearth of large format Cuban cigars in the current global market.

Bond Roberts 25 Edición Limitada

Points of Note

In the 12 months to end of May 2021 Bond Roberts held 319 auctions of Limited Editions, selling 4,990 cigars, across 52 of the 59 Limited Editions released up to 2018, and achieved an average of US\$65.42 per Limited Edition cigar sold. This compares to an average of US\$40.80 achieved on the sale of Regional Editions (6,648 cigars sold across 150 regional edition vitolas) in the same period.

The first observation here is that in the 12 months under review, Bond Roberts offered for sale and sold a bigger selection of Habanos S.A. Limited Edition and Regional Edition cigars than any other marketplace or retail business (B&M or online) in the world. It looks like we made it, and we would like to thank you, the Bond Roberts community of buyers and sellers, for the part you are playing in this fantastic journey!

But, putting the back slapping to one side, the insights in the table above are significant.

The quantity of Limited Editions auctioned on the platform was 25% less than Regional Editions, but the price achieved for Limited Editions was, on average, over 60% higher than Regional Editions. This implies that, in general, on average, from an investment perspective, Limited Editions are a more attractive option than Regional Editions. Intuitively that makes sense as the RE programme focuses on mid-tier brands, and the LE programme on top tier brands. However, there is a lot going on under this headline:

Cohiba LE Stands Out

BRAND	TOTAL AUCTION VALUE US\$	TOTAL CIGARS SOLD	US\$ / CIGAR
Cohiba	123,760	685	180.67
Montecristo	50,319	819	61.44
Trinidad	6,796	118	57.59
Ноуо	18,573	352	52.76
Partagas	41,030	778	52.74
H. Upmann	32,318	652	49.57
Cuaba	1,962	40	49.05
Romeo y Julieta	23,344	598	39.04
Ramón Allones	14,139	363	38.95
Bolívar	7,758	225	34.48
Punch	6,488	350	18.54
Grand Total	326,487	4,980	65.56

In any measure, when the difference in price between the first and second place is a factor of 3x, then the measure isn't meaningful, and in this measure, it indicates that there are Cohiba Limited Editions and then there is the "All Other Brands" Limited Edition programme. Bond Roberts would not be surprised if we have seen the last Cohiba LE, on the basis that the price differentials between Cohiba and all other brands would prompt any marketeer to separate Cohiba from all other brands. To be fair, the results above are skewed by the prices achieved for Sublimes, Double Corona and Piramides from 2004, 03 and 01 respectively, but even when you compare Cohiba results against other limited editions released in the same year, they are all more than 2x higher, and in most cases more than 3x.

Hoyo Particulares

We would love to say they were a one-off, but they weren't; they are the only Limited Edition to be officially released in two successive years - 2000 and 2001. Bond Roberts has sold boxes from both years, with the 2000 release achieving US\$375 per cigar, the highest per cigar price of any Limited Edition achieved. What does make them stand out is their packaging – a dress-box containing 5 cigars in individual coffins. The table below shows that the lower the box quantity the higher the price per cigar achieved on Bond Roberts. This supports the proposition that consumers prefer selection over quantity. It appears consumers prefer multiple smaller boxes than one larger box. On the other hand, it is just as reasonable to conclude that there is better per cigar value in buying cigars in larger box formats.

BOX SIZE	TOTAL AUCTION VALUE US\$	TOTAL CIGARS SOLD	US\$ / CIGAR
5	3,140	15	209.33
10	145,648	1,834	79.42

Ramón Allones Club Allones 2015	27.50	32.14	16.9%
Average	59.91	61.47	2.6%

This is one the best good news tables the team in Bond Roberts has seen in a while, it shows that the price per cigar achieved on Bond Roberts for partial boxes of Limited Edition cigars was almost the same as the per cigar price of full boxes of the same cigar. This further supports the proposition that consumers are exploring tastes and variations, and breaking the boundaries of brand to try something new. For sellers it means that you no longer need to concern yourself about cracking open the box, as the per cigar value of the remaining cigars isn't significantly affected by how many cigars there are left in the box. So, crack the box. Its ok!

2007 & 2009

Despite being the year that the Trinidad brand was introduced to the LE series, 2007 is famous for being the year that the LE programme stumbled. Regalos, Escudos and Ingenios never really captured consumer imagination, and recent bidding on Bond Roberts suggests this is still the case. However, the table below, which shows the weighted average price achieved on LEs per release year shows that the sales prices on Bond Roberts for H. Upmann Magnum 48, Bolivar Petit Belicosos & Romeo Duke from 2009 were also low.

Both results are surprising, but digging under the headlines, in both years, sizes were smaller than average, and there was no Cohiba, Montecristo or Partagas. The result: bad reputations for the years, meaning some really some great value for aged LEs.

Given pricing for the rest of the H. Upmann Magnum LE range and for the rest of the Trinidad LE range, the Bond Roberts team would not be surprised to see significant price escalation of the Magnum 48 and the Ingenios.
